

About Troika

Troika is a collaborative contemporary art group formed by Eva Rucki (b. 1976, Germany), Conny Freyer (b. 1976, Germany) and Sebastien Noel (b. 1977, France) in 2003.

With a particular interest in the subjective and objective readings of reality and the various relationships we form with technology, they investigate the ways in which the digital world informs and crosses over into the physical one and how technological advancement influences our relationship with the world and with each other.

Troika's work is part of the permanent collections of M+, Hong Kong, the Victoria & Albert Museum London, The Art Institute of Chicago, MoMA New York, Jumex Collection Mexico, the Israel Museum and Centre Georges Pompidou.

In 2019 Troika started a research project together with biologists, neuroscientists, the British Antarctic Survey and physicists from Cambridge University which will culminate in a book and a permanent outdoor installation at Cambridge University in 2023.

Eva Rucki, Conny Freyer and Sebastien Noel live and work in London.

Troika is represented by Kohn Gallery in Los Angeles and OMR in Mexico City, and gallery Ron Mandos, Amsterdam.
